# THE #1 APPAREL SOLUTIONS COMPANY

Lynka has more solutions for decorated apparel than anyone in Europe. Our modern, production and logistics center located in Poland represents one of the most substantial investments in apparel decoration and fulfillment across the continent.

**State-of-the-Art Operations**

**Sustainable Manufacturing**

**GOTS & WRAP certified**

**Full Logistics & Storage Services**

**Wide range of Customization**

**Online (API) Integration**

**Print-on-Demand by PODIOM**

**Huge stocks of quality brands**

With over 95 million imprinted garments, no one in Europe has more experience supplying full-service, decorated apparel than Lynka. We are your one-stop solution for retail apparel, print-on-demand, promo wear, corporate apparel and accessories, customized to help you grow. And our quality is second to none – we have won more awards for quality print & embroidery than any other clothing company in Europe.

And now, we are a part of the U.S. Vantage Apparel Group – making us combined, one of the largest apparel decorators in the world.

We have united our CSR and Sustainability activities under our **Lynka Cares** program. We will strive to operate in ways that enhance society and the environment. And since December 2021, we have GOTS certification!

# WHO IS LYNKA?

## Since 1992, over 30 years...

Lynka is one of Europe's top suppliers of corporate clothing, workwear, casual fashion and sportswear. Lynka manufactures, decorates and distributes a wide variety of apparel and accessories. Lynka today services thousands of reseller clients in 32 countries from its 10,000 m<sup>2</sup> facility in Poland.

With over 50 awards for quality apparel decoration, Lynka is synonymous with quality. Indeed, Lynka has won more awards for screen printing and embroidery than any other European company. And having decorated more than 100 million garments over its 30-year history, no one in the EU has more experience. Today, Lynka has capacity to print more than 50,000 garments every day.

Lynka was also the first multi-brand, authorized apparel wholesaler in the EU to introduce the One-Shop-Stop model. Whatever the client needs: embellishment, sublimation, finishing, re-labelling, digital printing, Print-on-Demand (POD), special make-ups, or other value-added services, Lynka is up to the challenge.

*For more than 30 years, we are the partner you can count on for all your apparel needs.*

At Lynka, we have united our CSR and Ecological activities under our Lynka Cares program. In the ordinary course of business, we will strive to operate in ways that enhance society and the environment. The four pillars of our Lynka Cares program are:

## THE 4 PILLARS OF LYNKA CARES

ENVIRONMENT COMMUNITY WORKPLACE MARKETPLACE

*“Successful businesses have a responsibility to make the world a better place.”*

John Lynch, Lynka CEO

## WRAP

Ten years ago Lynka was one of the first apparel manufacturing companies in Europe to receive WRAP certification in Europe. WRAP is a globally recognized certification program for the apparel industry, promoting ethical and sustainable practices. It's supported by various international associations.

WE SUPPORT

## UN GLOBAL COMPACT

The UN Global Compact is the world's largest initiative focusing on sustainable business. Since its establishment in 2000 by the Secretary-General of the United Nations, Kofi Annan, it has been working towards environmental protection, human rights, combating corruption, and promoting fair and legal labour.

## GOTS

Lynka achieved GOTS certification in December 2021, confirming compliance with strict organic textile standards. The company now offers certified organic printing and embroidery solutions, with products featuring the "green T-shirt logo" indicating sustainability from seed to shelf. GOTS assesses organic fiber processing, covering ecological and social criteria, from post-harvest to manufacturing, enforcing bans on GMOs, hazardous chemicals, and child labor while requiring strong social and environmental compliance management.

## ECOVADIS

EcoVadis, launched in 2007, provides Sustainability indicators for Procurement Executives seeking reliable supplier insights. It assesses a company's integration of Sustainability/CSR principles in environment, labor & human rights, ethics, and sustainable procurement. The framework aligns with GRI G3, Global Compact, and ISO 26000. EcoVadis has rated 60,000+ global trading partners, promoting environmental responsibility, transparency, and innovation. Companies can compare their scores to industry benchmarks and set goals for best practices.

# NUMBER

# IN DECORATION

"Lynka has won more awards for quality print & embroidery than any other promotional clothing company in Europe."

With almost three decades of experience, Lynka offers unrivaled quality and expertise, along with an end-to-end solution for all of your decorated apparel needs. Lynka leads the industry in award-winning decoration quality, workmanship and innovation. Lynka's experience allows the most complex image or logo to look its best on the many fabrics and colors in our collection. Printwear Magazine, a leading trade journal on the apparel decoration industry wrote:

*"Lynka is one of the premier apparel-decorating and promotional product facilities in all of Europe – in fact, let us make that all the world."*

Printwear Magazine, USA

## THE SECRET TO OUR QUALITY

Lynka's quality can be explained by seven critical components:

### AQL QUALITY STANDARDS

Every single order is checked by our QC department using AQL standards.

### EQUIPMENT

We use only high precision decoration equipment, engineered to provide tight registration and precise reproduction of graphic images.

### ACCESSORIES

In printing, the finer the resolution, the better effect. For screen printing we use only high-tension frames with very high mesh counts. In Embroidery, we only use Tajima machines & Madeira threads.

### SUPPLIES

We import special inks from USA which guarantee vivid colors and striking effects.

### ARTWORK

Colour separations and pre-production artwork are very important and Lynka works with some of the top graphic artists in Europe.

### INVESTMENT IN R&D

We constantly invest in developing new print techniques and in improving efficiency – with a goal of continuous improvement.

### THE PEOPLE

The key final ingredient is the team. Lynka has a well-developed 'Printer Academy' that insures us an ongoing stream of talented printers and technicians.

With Lynka...  
it's not  
just a print.

It's an **Award-Winning** print.  
It's an **Eco-Friendly** print.  
It's a **WRAP-certified** print.

**Kornit Direct-to-Garment** significantly reduces water usage, decreases waste, minimizes carbon footprint and eliminates harmful chemicals. Eco-friendly, GOTS 3V certified.

Low consumption premium Virus brand **water-based inks** for eco-friendly textile screen printing.

Our Rutland plastisol inks are **PVC and phthalate free**.

# GARMENT CUSTOMIZATION

Apart from quality decoration techniques such as screen printing, embroidery, digital printing, and transfers, Lynka offers a wide range of extras for the perfect personalization of your garment. Small details that will give your textiles a premium look tailored to your customer's needs.

## CUSTOM PACKAGING

Packing with regular polybag

Packing with hangtag and/or size sticker

Packing with barcode sticker on polybag and/or hangtag

Packing with cardboard and polybag with hanger (retail)

Available also in recycled option

## Value-added Services

After choosing your product and decoration, the next step is finishing and dispatch. We offer many additional services and packaging options. Your final product can go straight to retail store shelves, given to employees or participants at promotional events, or even dispatched to a range of couriers for your B2B or B2C Print-on-demand (POD) requirements.

We are continually expanding our range of services. Different types of **badges, labels, hang-tags** and **trims** enable us to convert ordinary promotional products into tailor-made items for customers. Thanks to this ability we can quickly customize all products from the standard catalog to the unique needs of our clients, **even for small orders**, including single-piece.

## A Better Solution

Below are a few of our traditional apparel services.

On page 13, we present our PRINT-ON-DEMAND solutions.

## WHAT IS PRINT-ON-DEMAND?

Print-on-Demand is more complex than meets the eye. It is not only about DTG printing but mostly about the process and online order exchange between API and the printer, about the inventory management and short turn-around time (even 24-48h).

### Revolution in Printing

PODIOM Print-on-Demand (or POD) is an order fulfillment method where items are printed as soon as an order is made, often without order minimums.

- **An order-fulfillment method**
- **Items printed after order is made**
- **POD involves 'drop-shipping' to customers**
- **No finished inventory**
- **Wide range of product options**
- **State-of-the-art technologies**
- **End-to-end order-to-shipment process – even within 24-48 hrs.**

# FACT

by FARE®

Cover material made  
from recycled plastics

## White meets colour

The white elements of the new FARE® Whiteline  
catch everyone's eye and form a high contrast  
to the colour of the cover - very stylish.
